QualityCraftTM

WHO WE ARE

Since 1984, Quality Craft has served the needs of their consumer and retail partners, delivering quality products at competitive prices. With more than 3 decades of experience in over 100 different product categories and in fostering long term relationships with a wide variety of manufacturing partners, Quality Craft has developed a functional expertise to be agile, responding to the market trends, and finding innovative product solutions, effective manufacturing and certifications. Today, Quality Craft's product development is focused on three key categories, which is supported through its three product brands:

Home storage and organization

Outdoor living

Surfaces

Quality Craft prides itself on being a company that has the ability to respond quickly and resourcefully to the ever-changing consumer needs and expectations. In order to meet the fast paced demand of our retail and on-line partners, Quality Craft opened a U.S. Support Center in Romeoville, IL in October 2019. This new facility provides improved operational efficiencies, and is a global hub for product development and marketing efforts.

The collective strength of Quality Craft's product and market knowledge, combined with our extensive global manufacturing network, provides us with a base to deliver the right products, at the right price, at the right time.

BLUE SKY

BLUE SKY OUTDOOR LIVING

We believe in the value and benefits of spending time outdoors. Our goal is to provide you with a wide variety of outdoor related products that allow you to spend endless days outside, generating loads of laughter and creating memories that will last a lifetime.

Blue Sky Outdoor Living offers high quality, on-trend, outdoor living products that will bring an enhanced experience to any backyard, outdoor gathering or adventure.

SMOKE FREE
FIRE PITS

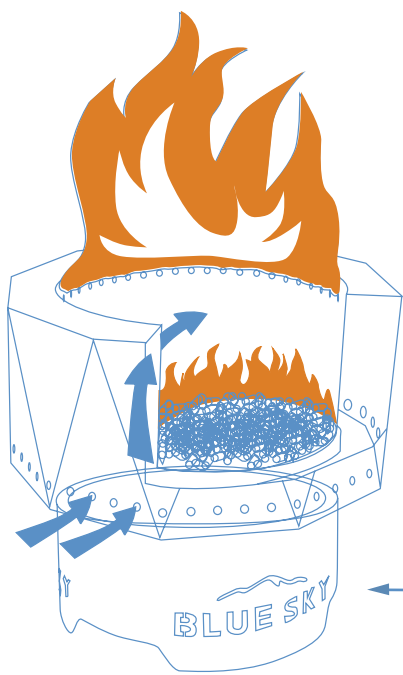

HOW THE **SMOKE FREE** FIRE PIT WORKS

Outside air is pulled into the bottom ring of holes/slots on the burn chamber and moves through the body/walls up to the inside of the holes.

The heated air is released through the inner ring of the holes into the burn chamber, infusing the burn chamber with an extra boost of oxygen which improves the burn.

The improved burn vaporizes wood particles, creating little to no smoke or embers.

Patent Pending

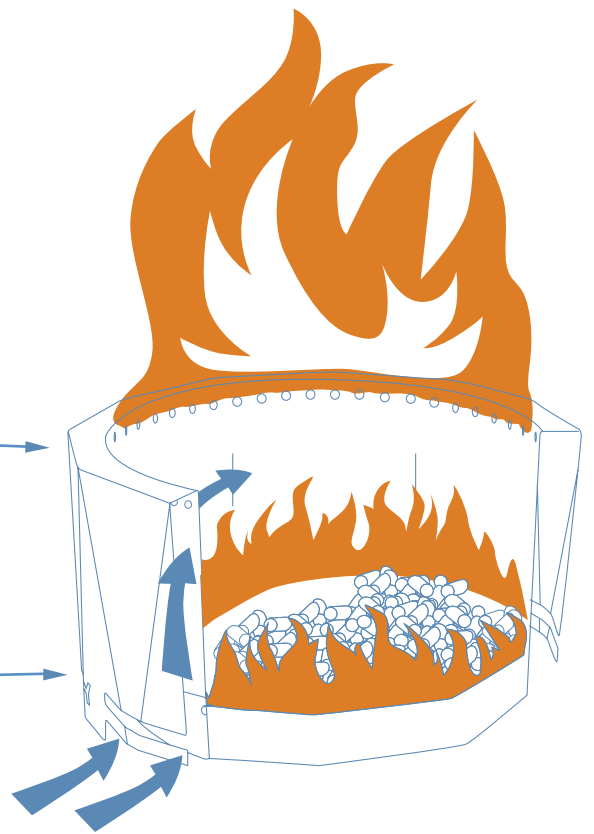

Burn Chamber

Air flow slots at the outside bottom and on the inside top of the burn chamber infuse additional oxygen into the fire to vaporize most ash/particles that can cause smoke.

Ash Catch

Collects ash for easy clean up

SMOKE FREE FIRE PITS

Our smoke free fire pits burn firewood or pellets, creating little smoke, sparks, ash and odors. We offer three sizes: a portable version, often used for tailgating and camping, and two larger sizes, best for patios and backyard bonfires. All designs are quick to assemble, use and clean up.

The Ridge Portable Fire Pit

PFP1513/SSPFP1513

- High-efficiency design burns wood pellets and firewood with little smoke, sparks, ash and odors
- Generates significant heat for all outdoor adventures or events
- Easy to assemble, use, carry, clean and store
- Reduces to 15.76" Dia x 7" H
- Packs into a small carrying bag included
- Available in two finishes: powder-coated black high temperature paint or stainless steel
- Patent Pending

Powder-Coated Black (PFP1513)

Overall Assembled Size: 15.76" Dia x 12.5" H
Net Weight: 15.43 lbs

Stainless Steel (SSPFP1513)

Overall Assembled Size: 15.76" Dia x 12.5" H
Net Weight: 11.4 lbs

Carrying bag included for easy portability

Portable Fire Pit is also available with a spark screen and screen lift included (PFP1513-C)

Spark screen and screen lift also sold separately (SP1513)

The Peak Patio Fire Pit

PFP2416/SSPFP2416

- High-efficiency design burns firewood and pellets with little smoke, sparks, ash and odors
- Generates significant heat for a great backyard bonfire
- Quick to assemble
- Strong and sturdy steel design
- Available in two finishes: powder-coated black high temperature paint or stainless steel
- Patent Pending

Powder-Coated Black (PFP2416)

Overall Assembled Size: 23.9" Dia x 16" H
Net Weight: 46.3 lbs

Stainless Steel (SSPFP2416)

Overall Assembled Size: 23.9" Dia x 16" H
Net Weight: 47.4 lbs

Patio Fire Pit is also available with a spark screen and screen lift included (PFP2416-C)

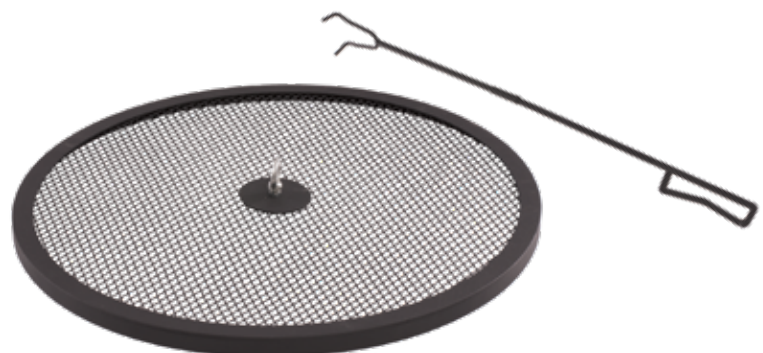

Spark screen and screen lift also sold separately (SP2416)

The Mammoth Patio Fire Pit

PFP3318

- High-efficiency design burns firewood, generating significant heat for a large backyard bonfire
- Strong and sturdy steel design
- Removable ash catch tray
- Available in powder-coated black high temperature paint finish
- Patent Pending

Overall Assembled Size:
32.8" Dia x 18" H
Net Weight: 80 lbs

Patio Fire Pit is also available with a spark screen and screen lift included (PFP3318-C)

Spark screen and screen lift also sold separately (SP3318)

PROTECTIVE COVERS

Keep your fire pit protected from the outdoor elements and increase its lifespan. Handles on either side make putting your cover on and removing it simple and quick. A drawstring at the bottom of the cover allows it to be flush against the fire pit for added protection.

The Peak Patio Fire Pit Protective Cover

PC2416

Overall Assembled Size: 25.5" Dia x 16.5" H
Master packs of four

The Mammoth Patio Fire Pit Protective Cover

PC3318

Overall Assembled Size: 34" Dia x 18.5" H
Master packs of four

PREMIUM HARDWOOD PELLETS

Made of 100% natural hardwood. Clean burning with low moisture content (5%–10%) and free of all impurities. Creates a high heat burn with low emissions.

20 lb bag

PFPEL-20LB

30+ minute burn time on one bag
For use only with wood pellet burning appliances
These pellets are not food grade

Fill your smoke free fire pit with about 2" of pellets at a time. When using with patio fire pits, use pellets to get the fire started, then add firewood.

WOOD-BURNING
FIRE PITS

WOOD-BURNING FIRE PITS

21.25" Round Folding Leg Portable Fire Pit

WBFP22

- Three tripod legs fold for easy storage and transport
- Stores neatly into a convenient carrying bag
- Chrome-plated cooking grid for grilling included
- Includes steel mesh spark screen, screen lift, log grate, cooking grid, and carrying bag

Assembled size: 21.3" Dia x 16" H

29" Round Fire Pit with Porcelain Enamel Fire Bowl

WBFP29PE-C

- Large 29" x 4.9" fire bowl looks great and can handle larger logs
- Copper colored porcelain enamel finish on the fire bowl resists rust
- All steel construction – fire bowl nests directly on the steel scroll work base
- Includes a spark screen and screen lift

Assembled size: 29.5" Dia x 23.6" H

29" Round Fire Pit with Decorative Scroll Base

WBFP29Scroll

- Scroll work base is black with gold highlights
- Fire bowl rests directly on the top of the scroll work base
- Spark screen and screen lift included

Assembled size: 29.1" Dia x 21.7" H
